

WELCOME TO COTTONWOOD!

Cottonwood Ranch is a working horse & cattle ranch in the high desert & mountains of Northeastern Nevada. The Smith Family has had the honor of owning and being stewards of the ranch for five generations where they manage the land using a holistic approach in order to not just maintain but to even improve the range.

Join us in the unspoiled wilderness where you'll breathe some of the purest air in the country. Travel with us through the mountains and valleys on one of our amazing ranch-bred western horses. Work the range with the Cottonwood cowboys and experience a life where the old west still lives on. At the end of the day, relax in the comfort of our beautiful, seven bedroom with private bath lodge, or bask in the glow of the setting sun in a rocking chair on the expansive deck. Or you may choose to soothe your tired muscles under the stars in the hot tub or even challenge a friend to a game of pool in our separate recreation room. Although the ranch's location in the O'Neil Basin is very remote, at Cottonwood you can still stay connected to the world on the lodge computer or on your own device via the free high-speed Wi-Fi.

Among other things, the Cottonwood Ranch Family is known for their hospitality, beautiful land and incredible horses. Come to Cottonwood and cowboy with the very best!

PACK TRIPS

Explore the Jarbidge Wilderness as you travel the mountain trails on sure-footed horses through forests of quaking aspen, pine, fir, mahogany and meadows of wild flowers. The Jarbidge Mountains form the highest concentration of peaks over 10,000 feet in Nevada and they are magnificent! This rugged glaciated terrain and its sensational canyons are home to abundant wildlife such as deer and elk.

View the wonders of nature daily on horseback and at night when you camp within this spectacular wilderness. End your trip as you ride into the old mining town of Jarbidge, infamous as the site of America's last stagecoach robbery. You'll step back in time as you ride into this quaint little village and are greeted by the townsfolk. Jarbidge, population of about 20 in winter and 70 in summer, offers hospitality, good food, libations and a cozy room in a converted barn. It's nestled among the unique and mysterious geological formations that stand guard over the river gorge of Jarbidge canyon.

RANCHIN' AND ROUNDUPS

Cowboy up! Ride skilled horses as you experience western ranch life first-hand. You'll be riding the range with the Cottonwood cowboys as they move cattle through the mountains and high desert. Enjoy unlimited riding and ranch activities on this working cattle and horse ranch.

If you've been hankerin' for a touch of the old west and first-class accommodations to welcome you home each day, you'll find it here.

HORSE DRIVES

Exciting horse drives provide an opportunity for a western adventure that's hard to find. The thrill of driving a herd of horses over 50 miles of high desert and mountain ranges is an unforgettable experience. The striking scenery and wildlife is an unexpected bonus, and the Cottonwood crew outdoes itself with three savory meals a day plus a cozy camp each night. Some previous riding ability is required for this very unique adventure.

FAMILY REUNIONS

Bring your extended family to Cottonwood for a unique and memorable adventure. Saddle up to herd cattle over the range and experience together the freedom & satisfaction of western cowboy life. Your children or grandchildren will experience nature and beauty in countless new ways. Every generation will have their own special experience to take home with them.

The ranch provides luxurious lodging, hearty meals, ranch activities and lots of horseback riding. The lodge's seven bedrooms are each complete with a private bath and offer a wide variety of sleeping accommodations to fit the needs of most groups of 14 to 19 persons. There is also additional space in our RV Park & Campground.

Gather around the fire at the end of a perfect day to recapture the glow of shared accomplishments, new adventures and renewed relationships. Cottonwood will allow your family to slow down, reconnect & enjoy what is really important in life.
